

PROFILIR FOR PRIVATE COMPANIES

Connecting People, Capital and Insights

Our proprietary SaaS platform, Profilir, is a revolutionary digital platform created to facilitate frictionless connections between investors and companies making interactions instant, efficient, meaningful and productive.

Profilir caters to both start-ups looking for first phase funding, and established companies seeking growth capital or partnerships. Given our Investor Groups, including High Net-Worth Individuals, Family Offices, Asset Managers, Pension Funds, & Professionals, our focus is connecting them with high quality investment opportunities in private markets.

Features and benefits

Create a public profile

Our Interview Services

Video | Podcast Interviews and Presentations (recorded – not live – and done remotely via Zoom):

The purpose of the interviews is to enable you to effectively engage with investors by telling your story over time to demonstrate why you are investible. Interviews and Presentations are conducted on a monthly frequency on average. A topic and associated questions are agreed in advance with you for each interview or presentation. Areas typically covered in different interviews over time include:

- About your company, people, history
- Your target market, clients and your competitors
- A discussion on your financial model and growth aspirations
- Market commentary, shareable research and thought leadership
- Update on new initiatives
- General education

You approve the final edited interview or presentation for your internal approvals and receives the final copy. The media file can then be posted on the Profilir platform and shared elsewhere.

Pricing is tailored for each client and will range between \$1,700 - \$2,700 per month depending on:

- Number of videos/podcasts produced
- Length of each video/podcast
- Pre-production preparation on questions, answers and
- Amount of post-production editing required.

One-time interviews may also be requested.
